Summer Academy

## STEAM: The Fred Rogers' Approach

Through videos, like the all-time favorite crayon factory — maybe you remember it from Mister Rogers' Neighborhood? -- and stories from child care professionals around the country, we'll explore everyday ways to get comfortable with STEAM concepts in early childhood. It's not just to inspire scientists, architects, and engineers — these basic concepts are at the foundation for all of children's future learning!

## What Do You Do With the Mad That You Feel? Helping Children Manage Anger and Learn Self Control

This workshop is based on one of the most important messages of all — helping children manage their angry feelings and stop from doing something that might hurt. That's important for success in school -- and in life. Children aren't born with self-control, and Hedda will help us learn practical, everyday ways for one of the biggest challenges today.

# Hedda Sharapan

Saturday, July 18th, 2015

8:30 am - 3:30 pm

South Education Center

7031 S. New Braunfels, 78223

Seating is limited, so  
register early! [http://](http://bit.ly/IASvPLo)

[bit.ly/IASvPLo](http://bit.ly/IASvPLo)

Lunch will be provided

Free registration

Free resources

With warmth, humor, & humanness, Hedda Sharapan will share with us some key things she's learned from her 48 years working directly with Fred Rogers & his small non-profit company. She's a highly popular speaker at national and statewide early childhood conferences and comes to us with a master's degree in Child Development, bringing insight and practical ideas along with lots of stories and treasured video segments.
